Rustic Copper, Shark Skin, Sierra Copper, Silver Edge, Venetian Bronze, Vintage Brass

SPECIALTY FINISH

Satin Nickel

Proudly made in the USA, each Design Specialties surround is hand crafted to the specifications of each order. Due to the nature of the anodizing, plating and powder coat processes, slight variations in color may occur. In particular, finishes including, but not limited to, Forged Iron, Sierra Copper, Rustic Copper, Black Silver Edge and Black Copper Edge.

OVERLAYS

These hand-crafted steel overlays bring a traditional elegance to any room.
Designed for an exceptional fit and finish with unparalleled craftsmanship and made to order by skilled metal workers.

The Sierra Flame Advantage

All Sierra Flame units are manufactured with the highest quality parts available, from the smallest component to the optional hand crafted overlays. Our units are designed for ease of installation and servicing and our focus is on keeping the styles fresh and current. As well, our realistic and exceptionally large flame is a noticeable feature that sets us apart from the competition. Our standard units include upgrades that would be costly add-ons with other suppliers like the remote control, quality fire glass media, decorative rock and log sets. We offer to you a finely tuned selection of units – focusing on quality not quantity and hope that you choose a Sierra Flame fireplace to enjoy for years to come!
